sc•ut

Universal handle holder for any tool

Features

- **It facilitates working equipment**: operator can use one single handle holder to hang up any kind of handle or tool, thus avoiding compatibility problems
- **It improves security**: if the operator hangs up tidily cleaning tools to the trolley or to any other near at hand place in the working site, there are less risks of accidental falling, tripping or other unpleasant accidents
- **It makes cleaning operations easier**: it remains firmly attached to the tool, without any interference with its use during cleaning procedures and without any risk of accidental loss

How it works

Technical data

Scout handle holder

Universal handle holder in polypropylene and extensible rubber,
for handles from ø 21 to 29 mm
