SYSTEM

Flat mopping system with velcro frame, to be used either pre-soaked or soaked on demand with soaking station
Ideal for a professional cleaning with the highest ergonomics

Advantages

- **Ergonomic:** the joint facilitates the "∞" movement reducing training time
- **Efficient:** designed to reduce operator's strain, increasing productivity
- **Handy:** reduces wrist movements by 75% in comparison with traditional systems, preventing the onset of occupational diseases
- **Handy:** the handle is designed to offer 360 ° rotation, ensuring maximum ergonomics to the operator
- **Safe:** the upper twisting handle locks with a click, allowing you to rest the tool safely on the wall
- **Comfortable:** the rubber inserts ensure an effective, stable and comfortable grip
- **Easy:** mop changing is easy and quickly
- **Easy to maintain:** cleaning of the tool is very easy and fast

Material

Handle: aluminum, polypropylene and rubber - Support: polypropylene - Plate: nylon
